Chevening Scholarships, 2024/2025

I am delighted to inform Your Excellency that the application window for the 2024/2025 Chevening Scholarships programme is now open.

As you will be aware, Chevening Scholarships are the UK Government's global scholarship programme, fully funded by the Foreign, Commonwealth and Development Office. The Scholarships offer the opportunity to study for a one-year Master's degree at any of the UK's leading universities, and are awarded to outstanding established or emerging leaders across all fields of study.

The Chevening programme provides a unique opportunity for leaders of the future to build a global network of continuing professional significance, as well as to establish social, cultural, academic and commercial partnerships with the UK.

As in previous years, I would very much appreciate your assistance in promoting the Chevening Scholarships within your institution. We would welcome applications from the brightest and best young Egyptians, who have the potential to be future leaders. I would be grateful if you could direct those whom you consider would make excellent Chevening candidates to www.chevening.org/apply.

Applications for a Chevening Scholarship must be submitted online at www.chevening.org. The deadline for receipt of applications is 7 November 2023 at 12:00 GMT. Applications received after this date will not be processed. Applicants should read the online guidance, and demonstrate how they meet the Chevening selection criteria before submitting an application.

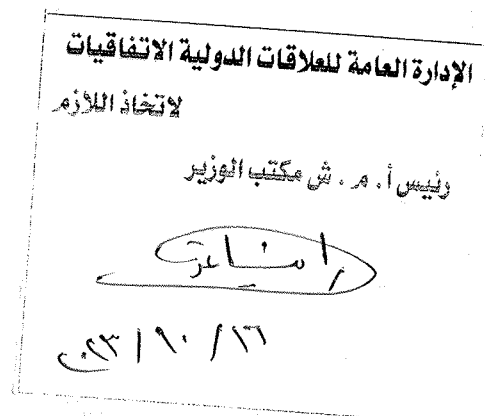

If potential applicants have further questions about the programme, they can use the 'Contact Us' function on the website www.chevening.org. If you would like to receive more Chevening promotional materials, your team can contact my colleague Nevine Sharaf, the Chevening Programme Manager: nevine.sharaf@fcdo.gov.uk

Thank you again for helping us promote this wonderful programme, which has brought such benefit both to Egypt and to the UK over the years.

With my best wishes and warm regards,

Gareth Bayley
